Hybrid Cloud Migration Plan

Comprehensive analysis of migration costs, savings, and return on investment

Monthly Savings *

\$44,805.02

Includes \$2,406.02 / month egress savings

- ✓ Fixed monthly cost (no surprises)
- ✓ No egress fees or API charges
- ✓ Predictable, budget-friendly pricing

One-Time Migration Cost **

\$60,250.00

- ✓ Includes full server setup & configuration
- ✓ Data migration assistance included
- ✓ DevOps support during transition

Payback Period

1.3 months

- ✓ Time to recover migration cost
- ✓ Based on monthly savings achieved
- ✓ Accelerated returns as cloud pricing increases

* **Monthly Savings** are estimated using current market rates. Bare metal provider pricing is subject to change over time.

** **One-Time Migration Cost** is valid for 30 days from the report generation date (through April 26, 2026). Pricing may be revised after this period.

Bare metal pricing is simple: one fixed monthly cost. No egress fees, no API charges, no billing surprises.
